## About Me

Enthusiastic and innovative UI/UX designer with a proven track record of creating impactful digital experiences. Armed with 1.4 of hands-on experience, I specialize in marrying user-centric design principles with visually appealing interfaces. Adept at collaborating with cross-functional teams and driven by a passion for solving complex design challenges.

## Professional Experience

### Coderzbot Innovations (1.5 + Years)

09/2022 - Present | Chennai, India

UX/UI Designer

- Proficient in using Photoshop, Illustrator, and other Adobe tools for graphic design and asset creation.
- Experience in creating animated and interactive user interfaces using Principle. Familiarity with Flinto for designing custom animations and transitions in prototypes.
- Experience in setting up and conducting user testing sessions through the UserTesting platform. Proficient in using Optimal Workshop for conducting usability testing and card sorting.
- Basic understanding of Html, Css, Bootstrap, Javascript DOM to communicate effectively with developers. Knowledge of designing interfaces that are responsive across various devices and screen sizes.
- Understanding of typography principles for effective communication and readability. Knowledge of color theory to create visually appealing and accessible designs.

### Virtuo Technologies (9 + Months)

11/2021 - 07/2022 | Madurai, India

Android Developer

- Developed and maintained mobile applications for the Android platform, ensuring optimal performance, responsiveness, and a seamless user experience.
- Successfully integrated third-party APIs for enhanced functionality, including RESTful API, improving app capabilities and user interactions.
- Actively participated in Agile development processes, contributing to sprint planning, daily stand-ups, and retrospective meetings to ensure effective project management.

## Education

### Master Of Computer Application ( 7.5 CGPA )

04/2017 - 06/2019 | Ramanthapuram, India

Mohammed Sathak Engineering College
